COLOUR-PLUS TECHNICAL APPLICATION GUIDE

DESCRIPTION

COLOUR ENHANCER FOR ALL OUTDOOR STONE SURFACES

For use on all sandstone, granite, limestone and slate patio surfaces
Enhances natural colour & texture
Helps to prevent staining and heavy soiling
Low odour solvent formula

Universeal Colour-Plus is a premium patio and path outdoor impregnating sealer which strongly enhances the natural hues of the stone with deeper, richer, more vibrant colours.

Universeal Colour-Plus is a solvent based colour enhancer and impregnator that penetrates into the surface of the stone to strongly protect from staining and heavy soiling. **Universeal Colour-Plus** can be applied to grout pointing, tumbled marble, limestone, slate, quarry tiles, sandstone & most types of masonry surfaces. **NOT RECOMMENDED FOR USE ON NON-POROUS SURFACES.**

DIRECTIONS FOR USE

- 1) Before application the surface must be completely clean and dry, apply an even coat with a low pressure sprayer, natural fibre brush or sponge, any excess sealer must be completely removed from the surface after 20-30 minutes.
- 2) Apply a second application approximately 45-60 minutes repeating the process. After application it is important that the stone surface is kept completely dry through the curing process, up to 72 hours. Any moisture or water left on the surface within this time may result in the sealer drying inconsistent showing hard to remove white patches.

Expected Wear

Under typical conditions the effect of the impregnation can be considered to have an effect for up to 5 years. Effectiveness and longevity is reliant on initial thorough application, foot traffic and the use of correct maintenance cleaning products.

Please Note: Areas not to be sealed must be protected with masking materials. It is strongly recommended when using coloured grouts that a stain test is completed before proceeding.

COVERAGE

Up to 25m² per litre per coat.

Depending on texture and porosity of surface.

Usage Guidelines

Drying Time	Applications/Coats	Application Method	Dilution
45-60 mins	1-3 coats	Brush/ Sprayer/ Sponge	Undiluted

PRECAUTIONS

KEEP OUT OF THE REACH OF CHILDREN & PETS

H226: Flammable liquid and vapour.
H302: Harmful if swallowed.
H315: Causes skin irritation.
H319: Causes serious eye irritation.
H412: Harmful to aquatic life with long lasting effects.

P102: Keep out of reach of children.
P261: Avoid breathing fumes.
P262: Do not get in eyes, on skin, or on clothing.
P280: Wear protective gloves.
P301+330+331: IF SWALLOWED: rinse mouth.
Do NOT induce vomiting. P302+350: IF ON SKIN: Gently wash with plenty of soap and water. P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes.
Remove contact lenses, if present and easy to do. Continue rinsing.
