GROUT RESCUE X PRE-TREAT CLEANER TECHNICAL APPLICATION GUIDE

DESCRIPTION

CLEANS & ETCHES PATIO GROUT PRIOR TO COLOUR SEALING

*10Eliminates common grime and dirt for a clean, pristine finish
Mild acid etches the grout lines for maximum adhesion of grout
rescue colour sealer*

Application at 1:1 dilution with water

Simply apply and leave to dwell - then wash away for great results

Universeal Grout Rescue X Pre-Treat Cleaner is designed to clean & prime patio grout lines ready for them to be sealed & protected with Grout Rescue X.

Grout Rescue X Pre-Treat Cleaner cleans and etches pointing or grouting joints between patio tiles or slabs. This important process primes the area so Grout Rescue X will achieve optimal adhesion to seal & protect the grout. **Not suitable for use around acid sensitive surfaces, such as limestone, travertine & other calcium based stone types.**

DIRECTIONS FOR USE

- 1) Always perform a small test patch on your surface to observe any adverse effect or reaction to your particular stone type.**
- Prepare the area by cleaning off loose debris and ensure you have adequate personal protection, ie gloves, suitable protective eye-wear, face mask & clothing.
- Using a pneumatic garden sprayer or water can, add one part Universeal Grout Rescue X Pre-Treat Cleaner to 1 parts water (1:1).
- Mix well and use at a rate **NOT EXCEEDING** 5 square metres per litre, approximately 50sq feet area.
- Apply a flood coat spraying in sweeping motion across the surface, making sure all joints are well treated.
- Allow to dwell on surface for 5 to 15 minutes before lightly agitating and rinsing - **DO NOT WASH OFF WITH PRESSURE WASHER, USE NORMAL HOSE WATER TO GENTLY WASH AWAY.** Repeat if necessary on very soiled patches.

Please Note: If you accidentally over-spray onto delicate plant life, rinse off with clean water. Always perform a small inconspicuous test on-site to determine suitable application process for your project. Call our support helpline on +44 (0)1300 345 898 (option 2) or the contact form on our website for technical support.

COVERAGE

1:1 dilution - approx 50-60m² per bottle.
Coverage offered as guidance.

Usage Guidelines

Drying Time	Applications/Coats	Application Method	Dilution
5-15 mins	1-2 applications	Sprayer/ Watering Can/ Bucket	1:1

PRECAUTIONS

KEEP OUT OF THE REACH OF CHILDREN & PETS

H314: Causes severe skin burns and eye damage.
H290: May be corrosive to metals.
H302: Harmful if swallowed.
H302+312+332: Harmful if swallowed, in contact with skin or if inhaled.
