# NO MORE BLACK SPOT PREVENTER TECHNICAL APPLICATION GUIDE

## DESCRIPTION

### TARGETED PREVENTION OF BLACK SPOT LICHEN SPORES

*Kills black lichen spores before they can germinate and eliminates green & red algae*

*Application at 1:3 dilution with water*

*Safe for animals, pets & children once dry*

*Most cost effective formula on the market - no more pressure washing required*

**Universeal No More Black Spot Preventer** is an effective black spot preventative measure for new or recently cleaned patios, pavers, and block paving. Apply annually to provide permanent protection.

Universeal No More Black Spot Preventer's unique formula will prevent black spot infestation on new patio, paving and pathways. When used annually, it prevents regrowth of black spot lichen after treating with No More Black Spot. No More Black Spot Preventer also eliminates green and red algae growth from outdoor hard surfaces including drives, walls, roofs, patios and other decorative stonework.

## DIRECTIONS FOR USE

- 1) **Apply No More Black Spot Preventer to stone surfaces that have been thoroughly cleaned with NO MORE BLACK SPOT cleaner within 3-6 months as a guide.**
- 2) Prepare the area by cleaning off loose debris and **ENSURE YOU HAVE ADEQUATE PERSONAL PROTECTION, IE GLOVES, SUITABLE PROTECTIVE EYE-WEAR, FACE MASK & CLOTHING.**
- 2) Using a pneumatic garden sprayer or water can, add one part **Universeal No More Black Spot Preventer** to 3 parts water (1:3).
- 3) Mix well and use at a rate **NOT EXCEEDING** 5 square metres per litre, approximately 50sq feet area.
- 4) Apply a flood coat spraying in sweeping motion across the surface.
- 5) Allow to soak in and completely dry on surface - **DO NOT WASH OFF.** Will prevent the reappearance of lichen and algae for up to 6-12 months where another application will be necessary.

**Please note: do not apply when the threat of rain is imminent.** Always try product in an inconspicuous area on-site prior to use. Extra caution is required when applying near or around fish ponds or similar. If you accidentally over-spray onto delicate plant life, rinse off with clean water.

## COVERAGE

1:3 dilution - approx 100m<sup>2</sup> per 5L bottle.

## Usage Guidelines

Dwell Time	Applications/Coats	Application Method	Dilution
