EASY CLEAN TECHNICAL APPLICATION GUIDE

DESCRIPTION

PH-NEUTRAL MAINTENANCE CLEANER

*Universal cleaner suitable for most surfaces
Contains no acids, alkalies or bleaches
Fresh lavender scent
Cost effective, high concentrate
Leaves surfaces clean and germ-free
Environmentally Friendly*

Universeal Easy Clean pH Neutral Cleaner is a safe multi-purpose cleaner developed for both the industrial and domestic market. It removes a multitude of stains without the need for alkalies, acids, bleaches and solvents. Although it has a neutral pH it has the characteristics of an acid when needed for cleaning toilets and metals and the characteristics of an alkali when used to degrease surfaces.

Universeal Easy Clean is a high quality daily maintenance cleaner suitable for use on ceramic, porcelain, natural stone, glass, vinyl, countertops and much more..

Universeal Easy Clean is ideal for bathrooms, kitchens and general cleaning. It is safe to use on all natural stone surfaces, ceramics tiles, metals, plastics, enamel, and other washable surfaces. It leaves the surfaces clean, fresh, deodorised and germ free.

DIRECTIONS FOR USE

- 1) Dependent on degree of soiling add between 1-8 capfuls of **Universeal Easy Clean** to 5 litres of warm water.
- 2) Apply the cleaning solution to the soiled area leaving 1-2 minutes before mopping or wipe surface clean.
- 3) **Universeal Easy Clean** dries streak free, no need to rinse.

Please Note: Always test product in an inconspicuous area to determine suitability for intended use.

COVERAGE

Varies dependant on dilution ratio and condition of surface.

Usage Guidelines

Dwell Time	Applications/Coats	Application Method	Dilution
N/A	1 Application	Brush/Mop/Sponge	See product label
