STAIN-GUARD TECHNICAL APPLICATION GUIDE

DESCRIPTION

NATURAL FINISH STONE SEALER

Professional stain protection
Suitable for interior & exterior use
Protects against oil & water stains
Low odour solvent formula

Universeal Stain Guard Matt Stone is a solvent-based natural stone impregnator that penetrates into the surface to protect against oil and water based stains.

Universeal Stain-Guard Matt Stone can be used for internal and external application, suitable for the application to all porous textured stone and masonry surfaces.

DIRECTIONS FOR USE

- 1) Before application make sure the surface is completely dry, clean and free from debris.
- 2) Generously apply with a low pressure sprayer, paint pad, brush or sponge (we do not recommend using a roller). Remove any excess sealer from the stone surface after 20-30 minutes
- 3) Apply a second application approximately 45-60 minutes after the first application repeating the process. It will take at least 24 hours before the product will offer full protection. Until this has happened, keep the surface free from water and oil spills, as stains may occur before fully cured.

Please Note: Areas not to be sealed must be protected with masking materials. It is strongly recommended when using coloured grouts that a stain test is completed before proceeding.

EXPECTED WEAR UP TO 20 YEARS

Varies depending on the type of surface, wear and correct maintenance procedures.

MAINTENANCE

Clean treated areas with **Universeal Easy Clean**, do not use harsh or abrasive cleaning agents as this can have a negative effect on the treated surface.

COVERAGE

Up to 30m² per litre per coat

This will depend on the porosity of surface. Check the surface after application to ensure full effectiveness of impregnator.

Usage Guidelines

Drying Time	Applications/Coats	Application Method	Dilution
45-60 mins	1-2 coats	Brush/Sprayer/ Sponge	Undiluted

PRECAUTIONS

KEEP OUT OF THE REACH OF CHILDREN & PETS

H226: Flammable liquid and vapour.
H302: Harmful if swallowed.
H315: Causes skin irritation.
H319: Causes serious eye irritation.
H412: Harmful to aquatic life with long lasting effects.

P102: Keep out of reach of children.
P261: Avoid breathing fumes.
P262: Do not get in eyes, on skin, or on clothing.
P280: Wear protective gloves.
P301+330+331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
P302+350: IF ON SKIN: Gently wash with plenty of soap and water.
